Composite Description: The High Dividend Global Developed Equity Hedge Composite was created by Unigestion on 04 January 2015 while The initial date of Composite performance began on 31 December 2014. The High Dividend Global Developed Equity Hedge composite consists of accounts which aim to achieve a high yield within a strict risk budget. Accounts are invested in equities listed on developed markets internationally following an active approach based on risk management with a value and a dividend yield tilt. On top of the dividends, the portfolio yield is further increased by selling long dated out-of-the-money puts and calls options.

Benchmark: Cash + 3%. 8% p.a. from the inception till 31.12.2015, then at 4% p.a. till 27.09.2018, then 4.7% p.a. till 30.09.2019, then 3.7% p.a. till 28.10.2021.

Fees: In April 2021, Unigestion adapted the GIPS net of fees calculations methodology, in order to provide our clients with a better representation of net returns. Prior to the change, we used the max fee methodology, while after the change we use the most representative fee methodology. The change has been applied on all net returns (including the history).

Gross returns are presented gross of management fees, administrative fees but net of all trading costs and withholding taxes. Net returns are now calculated net of model fees and are derived by subtracting the most representative fee rate, which is 0.5%, in effect for the respective time period from the gross returns each month.

List of Composites: A list of composite descriptions, a list of limited distribution pooled fund descriptions, and a list of broad distribution pooled funds are available upon request.

Minimum Account Size: The minimum account size for this composite is 5'000'000.- EUR.

Valuation: Valuations are computed in Euro (EUR). Performance results are reported in Euro (EUR).

Internal Dispersion & 3YR Standard Deviation: Gross returns are applied in the calculation of this report's risk metrics. Internal dispersion is not presented when there are five or fewer portfolios within the composite for the annual period. 3 year ex-post standard deviation statistics is not presented when there are fewer than 36 consecutive monthly composite returns.

Performance disclaimer: Past performance is not a reliable indicator of future results, the value of investments can fall as well as rise and there is no guarantee that your initial investment will be returned. Returns may increase or decrease as a result of currency fluctuations. Performance includes reinvestment of dividends and other earnings.
